Summary

A ring that can be printed in any color to match your outfit.

Tags: ring

My partner is allergic to their wedding ring so I designed this ring to print for them. They now have a handful of them in different colors that allows them to switch it up to match their outfit for the day. Ideally it's best printed without a brim but if you have adhesion issues, I suggest only an outer brim and then sand the brim contact edge with a very fine sand paper to make sure it's smooth.
