Elevate your Halloween ambiance with our 3D Printed Cauldron Tea Light Holder. This enchanting, meticulously designed piece adds a touch of spooky elegance to your décor. Illuminate your Halloween festivities in style with this bewitching cauldron tea light holder.

Works with LED tea lights and regular candle tea lights. (Option to include tea light)

Whether you're hosting a Halloween party, setting the stage for a spooky movie night, or just adding a touch of the supernatural to your everyday décor, this ghost decoration is incredibly versatile.

Printed with PLA. I've had no issue with standard tealights.
