Jippy ka Yeee, go back to the wild wild west with this Cowboy Hat for your Mega-Lego-like Minifigure.

Printed at 0.16 layerheigt with 3 perimeters, 7% infill, 4 bottom, 4 toplayers and support on the buildplate only.

The hat is slightly bigger so it won't scrape the head of your maxifig to much and you can put some electrical tape on the inside so it will grab the part on top of the figurine's head.

Have fun with it.
