BUY ME A COFFEE ☕ INFORMATION:

A clever way to store things like screws and other miscellaneous items. Made to store a tobacco case which are great for storing things in your workshop.

SETTINGS:

- Rotate so the flat surface is facing the bed.
- no supports.
- 10% infill.

INSTALLATION:

1. Uses 2 screws
 2. Tobacco case cleverly pops in.
-

Other than that theres nothing else you should know before printing these parts, but i would really appreciate it if you liked, if you have a question, feedback or just a comment leave a comment i will try to answer most of them. Also feel free to remix my design to make it better. Btw I'm not a pro at CAD nor at 3D printing. Have fun :-)

HAPPY 3D PRINTING!
