Summary

Replacement door handles for Bambu X1 and P1S

[3D Printers](#) > [Bambu Lab Parts & Upgrades](#)

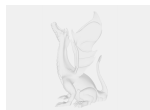

Tags: [handle](#) [door](#) [bambulab](#)

I saw a lot of handles for my printers, but most were too big so I designed these to fit my needs. You need to remove the rubber gromets that are in the glass, and I used 4-1/2 sheet metal screws. I made 2 pilot holes in the back to line everything up.
