Summary

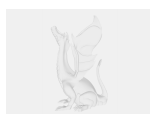

Simple holder for all of your Nextrunder nozzles

[3D Printers](#) > [Prusa Parts & Upgrades](#)

Tags: [nozzle](#) [xl](#) [nozzleholder](#) [mk4](#) [nextrunder](#)

This model is a single nozzle holder modeled after the packaging for Prusa Nextrunder nozzles. It can be duplicated and merged in PrusaSlicer to build a unit capable of containing all of your nozzles in one convenient location (see included 3MF file). The model is designed to tightly fit the nozzles and caps. You can modify print parameters if the printed piece seems too tight or loose, or modify the included STEP and SolidWorks file as much as you need.
