BUY ME A COFFEE☕ INFORMATION

A cool and functional coaster with a nice and sleek geometric pattern.

Theres also a coaster storage module so it's easy to organize multiple of them.

SETTINGS:

- Prints in one piece.
- 10% infill.

Other than that theres nothing else you should know before printing these parts, but i would really appreciate it if you liked, if you have a question, feedback or just a comment leave a comment i will try to answer most of them.

Also feel free to remix my design to make it better. Btw I'm not a pro at CAD nor at 3D printing. Have fun :-)

HAPPY 3D PRINTING!
