IMPORTANT: THIS MODEL NEEDS SUPPORTS WHEN PRINTING.

A cat bust made in a cartoonish/animeish(??) style.

I originally made this to practice 3D sculpting with focus on 3D printing and hand painting but ended up liking the results so might as well share it with others! (context: I currently study videogame design so most of the modelling I've done so far has been done with gamedev in mind, and I just recently got a 3D printer so it's a whole new world for me)

Enjoy it, can't wait to see your makes (• ω •) ♡
