Summary

Router Bit Box for 1/2" router bits.

[Hobby & Makers](#) > [Tools](#)

Tags: [storagebox](#) [router](#) [storagecontainer](#) [routerbits](#)
[storagebin](#) [routerbitholder](#) [storagesolution](#)

Easy print. No supports needed.

If bits are too tall, I've included a magnetic fastener (0.1mm tolerance) that allows you to lay bits horizontally. They just plug right into the 1/2" holes and fit tight.

Magnet size: 8mm x 3mm

Link to the magnets that I use:
