### Summary

Vincent Van Goh inspired art, STL designed with Hueforge

[Art & Design](#) > [Other Art & Designs](#)

Tags: [art](#) [painting](#) [hueforge](#)

This print / STL was designed using Hueforge. The image was generated using an AI tool, in the style of Vincent Van Goh. I printed this with IIIDMax Filament (Made in the USA).

See below for filament pause/swap information!

Filaments Used:

PLA+ IIID Max Navy Blue Transmission Distance: 6

PLA+ IIID Max Blue Transmission Distance: 3.5

PLA+ IIID Max Orange Transmission Distance: 4.2

PLA+ IIID Max Yellow Transmission Distance: 8.5

PLA+ IIID Max White Transmission Distance: 5

Swap Instructions:

Start with Navy Blue

At layer #6 (0.56mm) swap to Blue

At layer #9 (0.8mm) swap to Orange

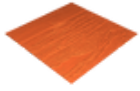

At layer #13 (1.12mm) swap to Yellow

At layer #16 (1.36mm) swap to White for the rest.
