updated 26. 11. 2023 | published 26. 11. 2023

### Summary

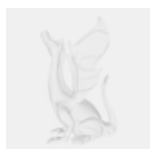

Modified hinges for the tophat so it doesn't open fully and doesn't fall off.

Chirpy kindly provided the STEP files for the hinge so I can make this quick adjustment. After replacing the original tophinges, the tophat will only open 125°, but can still be removed. It also prevents the tophat from falling off when you open it.
