Prusa MK4/MK3.9 LCD cover and PG case MMU R3.

Why Pfaff about with stickers on your MK3.9 upgrade. Screen printed parts on the full MK4 eventually fade or wear away too. If you have multi material printing capabilities, then this is for you and will last the lifetime of your printer.

NB: These Prusa parts are the latest revision as of Nov 26th 2023 R3. As they are designed to fit different lcd boards etc, make sure you have a compatible version before printing.

No supports are needed.

Happy printing.
