Tags: [holder](#) [case](#) [earbuds](#) [wired](#)

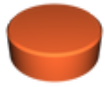

Do you prefer wired earbuds because of their crisp mic recordings but hate the tangles? Search no more! This holder is designed to keep the earbuds and the mic in the central cavity, protecting them from impact while keeping the wire tangle-free.

Printed in PLA meta (eSUN) at 190 °C, Bed at 60 °C, Layer height was 0.24 mm. The lid does not require any supports if printed upside down, but the base may require supports for the little flaps
