Ho ho ho! Santa Claus is getting ready with the gifts! The Christmas spirit has taken hold of us, hahaha.

In this first Light and Shadow Box of Christmas, we wanted to reflect a snowy Christmas landscape (even though it's about time for it to snow here) with Santa's house, a family of reindeer grazing, and Santa Claus with his sleigh on the way to distribute all the gifts.

We used a total of 6 plates, some of them with color changes (all taking place at a height of 1.2 mm) to enhance the final effect:

Plate 1: black + white

Plate 2: white + black

Plate 3: brown

Plate 4: white + black

Plate 5: purple

Plate 6: glow

This set is designed for the box that comes with lights; here are the links:
