### Summary

Holder for Busch & Müller rear lights on the Cube ACID luggage rack.

Tags: [cube](#) [bicycle](#) [fahrrad](#) [acid](#) [buschmueller](#)

I've got a nice Busch & Müller rear light for my bicycle but, unfortunately, was not able to mount it as-is because the bolts on the light are too short for my luggage rack of type Cube ACID, which does not have a mounting plate.

This adapter makes mount possible without a need in any kind of modifications on the rear light.
