[sws12500](#)

90 degrees knee adaptor for pole mounting of a Sencor SWS 12500 or Bresser ClearView 7in1 or similar weather station.

Print it with a UV resistant filament, PETG for example. Use at least 4-5 perimeters + high infill, this thing has to be sturdy.

An additional long M3 screw is needed to screw it to the factory mounting accessories.
