Summary

This keeps you dishwand and sponge from getting water and soap on your counter

[Household](#) > [Kitchen](#)

Tags: [organizer](#) [organization](#) [sponge](#) [clean](#) [spongeholder](#)

Keep your counter clean with this dish wand & sponge organizer. It will hold both round or rectangle sponges depending on which anti-slide pin you use. Excess water is drained back into the sink and not left on the counter. Easy to print, no supports required. If you have a round sponge use the taller anti slide pin. Otherwise use two small ones. I hope this makes your kitchen just a little better :)

Thank you
