Summary

A oriental style castle planter pot with 3 drained planter chambers and drain pool, complete with a small pyramid... :-)

Tags: [plant](#) [planter](#) [planters](#) [planterpot](#)

My daughter asked for a planter pot for several plants with drainage. So we designer this together, in a slight castle style to add some panache.

We decided for 20x20cm size.

The three planter cells are draining from one to the next, eventually excess water ends up in the drainage pool...

This was made as a small project while learning SketchUp, and redone later in Fusion 360.
