Summary

Universal pistol grip for airbrushes of various manufacturers

[Hobby & Makers](#) > [Other Ideas](#)

Tags: [grip](#) [hobby](#) [pistol](#) [painting](#) [airbrush](#)

As the original part didn't fit my non-Iwata airbrushes, I increased the hole diameter to 12mm. Now it fits them all.

Tested on:

- Harder Steenbeck Ultra
- Fengda FE-135
- Timbertech.... something :D

May need a little pressure to fit, but as mentioned, it fits all three above.

This remix is based on

iwata airbrush pistol-grip handle
