

Target Patch Dispenser with NASA logo

Rambo

[VIEW IN BROWSER](#)

updated 26. 11. 2023 | published 26. 11. 2023

Summary

A stupid insider joke because the original is such a great design ("NASA worthy")

[Sports & Outdoor](#) > [Outdoor Sports](#)

See original for everything.

I used the remains of a black spool and when it ran out switched to orange, the switch happened to hit a nice stop.

Printed in PETG, I had some warping issues with PLA.

This remix is based on

Target Patch Dispenser XL 24 with belt clip
