Embrace the spirit of the holiday season with my "Tealight Christmas Wooden House" 3D model. This exquisitely designed miniature wooden house embodies the joy and warmth of Christmas, ideal for adding a serene, festive glow to your holiday decor.

### Key Features:

**Elegant Design:** Drawing inspiration from a winter cottage's cozy charm, my Tealight Christmas Wooden House showcases meticulous attention to detail in its windows, doors, and roof, creating a scene straight out of a Christmas tale.

**Support-Free Structure with Sacrifice Layer:** Designed for ease and convenience, this model includes a "sacrifice layer" on the stars. This unique feature enables support-free printing while allowing easy removal of the layer using a knife or scalpel for enhanced detail and customization. This design marvel ensures a seamless printing process and offers creative freedom to refine the final look.

**Ideal for Tealight Ambiance:** Designed to encase a standard tealight, this wooden house illuminates through its detailed windows, projecting a warm and inviting candlelit atmosphere.

**Versatile Holiday Decor:** An adaptable piece for any festive setting, it's perfect for enhancing your mantelpiece, Christmas table, or charming window display.

**Customization Ready:** The model's surface is perfect for painting or additional decorations, inviting you to impart your unique festive flair.
