updated 27. 11. 2023 | published 27. 11. 2023

### Summary

X1C rear screw hole cover.

[3D Printers](#) > [Bambu Lab Parts & Upgrades](#)

Tags: [bambulab](#) [x1c](#) [x1carbon](#)

The gap between the holes was adjusted to fit perfectly.  
I added the logo of Bambu Lab to this remix and put a wall on the outside to make it strong against bending.

### This remix is based on

**BanbuLAB PLA Screw hole baffle remix**
