I made my own alignment pins for this shield.

You will need 10 of these. Print at 100% infill and brims on so they stay in place. Lay flat on the long side.

All 10 took less than 10 minutes to print on my X1Carbon at standard speed. Nice snug fit.

## Print Settings

### Printer Brand:

Bambulabs

### Printer:

Bambu X1C

**Rafts:**

No

**Supports:**

No

**Resolution:**

.2

**Infill:**

100

**Filament:** Elegoo PLA Grey

**Notes:**

Print with brims. 5mm should suffice and easy to peel off.

Category: Props
