Upgrade your MTB Cycletech Code Man eBike with this specially designed click-on front mudguard extension. Engineered for easy click-on installation, this extension offers superior protection against mud and debris, ensuring a cleaner ride in all conditions. Optimised for 3D printing, the design requires no additional supports, facilitating a straightforward and efficient printing process. Ideal for cycling enthusiasts seeking practical enhancements for their eBike.

May be compatible with other eBikes that use the same mudguards from the manufacturer "Büchel".
