## Summary

Male and female caps used for mini x connect wire.

---

[Seasonal designs](#) > [Winter & Christmas & New Year's](#)

---

Male and female caps used for mini x connect wire.

\*\*\*Update 11/29/2023

Printed on a bambu, snug but a good fit. Had someone using a different printer say they had to size up to 105% for it to fit well. Not sure if it was a different size connector, printer, tuning, etc.
