This is an alignment template for the Husqvarna 120x120 embroidery hoop. Alignment notches on top, bottom and sides, horizontal and vertical cut-through centering lines and center dot. It's transparent so any underlying pattern can still be seen. Using two different layer patterns ensures it's flexible enough that it won't (easily) snap when handled.

- Prusa MK3S+
- Inland Glass Yellow PLA+
- Layer height .2mm
- 2 layers (Bottom: Octogram Spiral, Top: Archimedean Chords)
