You can find several suitable mini LED fairy lights with batteries on Amazon.

Printed in 0.2mm without supports.

Important:

Only use infill for the base (range modifier)!

Please be sure, that you use the generic box (for an external power source) and/or the battery compartment.stl (for the shown mini LED strip) as negative volumes in your slicer!

This remix is based on

Christmas elf town lamp

by lolo_aguirre

The village where the christmas elves living.

by Harley
