Summary

For taking pressure off your ears when wearing masks. PLA and TPU versions included.

[Healthcare](#) > [Home Medical Tools](#)

Tags: [covidmask](#) [earsaver](#) [maskearsaver](#)

This is a larger earsaver design. It is designed for maximum comfort.

When worn, the wider portion should be up top.

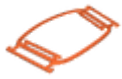

A PLA and TPU version is included. The TPU version is slightly thicker.

This is my 19th iteration of a mask earsaver design. Its large size gives the mask a better seal and moves the straps to a more comfortable position.
