In Honour of St Patricks Day Here is the Model for my Twisted 4 Leaf Clover,
this is printed in 4 separate sections to allow up to 4 different colours to be used.

Each section is slightly different this time so i have numbered the base 1 through 4 to help you keep them in the right order

I printed mine in Fillamentum Grass Green and Louminus Green and they came out Perfectly

This Model is also Vase Mode Compatible if you want to print them to hold some Goodies

Enjoy and Happy St Patricks

Thanks

Bugman
