Summary

A simple valet tray with filleted edges that can be used to keep your everyday carry in one place.

Tags: [edc](#)

A simple valet tray with filleted edges that can be used to keep your everyday carry in one place, or help out with those small silicone ice trays that so love to spill.

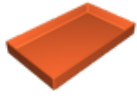

For those of you looking to make something extra special, I've included a cutting template to simplify the creation of a leather insert that fits the base perfectly.
