A longer version of the neat base game trays by [olivvybee](#) to fit into Marvel Champions expansion boxes. The original dividers still fit.

There's around 4mm space in the box between the trays that I don't have a good idea of how to get rid of. The current width fits sleeved cards very nicely, so I don't want to change that or increase wall width. Maybe just add a separate spacer. Or use some cardboard or hero sheets... will update later ;)
