### Summary

Holds your sponge in the sink. With drainage. Needs magnets

[Household](#) > [Kitchen](#)

Tags: [kitchen](#) [sink](#) [sponge](#) [kitchentool](#) [spongeholder](#)

For sponges up to 85x55x25mm.

Needs 2 magnets. If your sink isn't magnetic, you can just tape some magnets on the back.

Prints without support. Just remember to pause and put the magnets in. 10x2mm should be fine. Maybe 15x3mm could also fit.
