**A stunning statement necklace that fits snugly around your neck with its sleek conical shape.**

This necklace is easy to print, as it requires no support, only a brim. Best printed in PLA with 0.4mm nozzle and 0.2mm layers.

The necklace is flexible, without any need for joints, hinges or chain links. It will hug your neck comfortably.

You need a pair of 8x3mm magnets, which act as a clasp at the back. Just glue them in place with some superglue, and you're ready to rock this necklace!
