updated 20. 12. 2021 | published 20. 12. 2021

Summary

For those who want to add removable side doors on their enclosures.

[3D Printers](#) > [Accessories](#)

For those wanting to add removable side door to their enclosure. I have not tested this design. If you try it, leave me a comment with anything out of spec.

This remix is based on

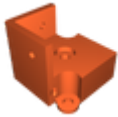

Removable pinned hinge doors for Ikea Lack Enclosure
