updated 7. 12. 2023 | published 7. 12. 2023

Summary

Keeps the awl from poking a hole in your apron!

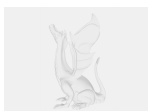

[Hobby & Makers](#) > [Tools](#)

I keep my awl in my apron when woodworking, but it was starting to poke through the seams. This cap prevents that!

Note: does not work on owls.

The STL fits the Narex awl, which has a 6mm shaft. You can customize the design using Fusion 360 by opening the .f3d file and going to Modify - Change Parameters.
