Summary

I designed these parts during a project to mount string lights around our patio. This model clips to aluminum gutters.

*** This design has been imported from Thingiverse. My original design is here: <https://www.thingiverse.com/thing:4606074>

I designed these parts during a project to mount LED string lights to our aluminum under-deck ceiling and gutter for our patio.

The Aluminum Gutter Cable Clip is a remix of the '1/2" PVC Gutter Clip' by BDSax, and mounts any cable with a ~7.5mm diameter (such as LED string lights or extension cables) to standard aluminum gutters.

Check out the other cable clip I designed for this project:
