This is a set of 3D Printable Glasses for the party between the years!

Print one or print more for your friends to get the party going on in style:D

Model has Hinges and they involve using 1.75mm filament as a middle shaft.

Cutting it to size and bending /melting the ends works great!

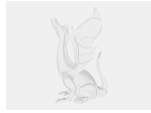

Model can be printed with 0.16-0.2 mm layer height.

This provides you acces to the files and the right for PERSONAL USE.
