I was asked by my girlfriend to make a Menorah for her office as there was an abundance of Christmas decorations but limited on Hanukkah representation, so here is my first attempt at a Menorah!

I included a test thread piece to check the fit between the "bulb" pieces, same threads for the base and menorah-top as well.

Printed the Menorah-Top piece with the candle surfaces down on the build plate.

Edit: The Bulb pieces are scaled down to 95% in Fusion for a better fit in the menorah-top. The other two components are not scaled down.

Material: PLA

Infill: 20%

0.6 mm nozzle

0.25 layer height

Supports: Yes -

Top - Organic

Base - None

Bulb - Snug

Brim: Yes
