Let me introduce my newest whistle design, the **Ultimate Referee Whistle**.

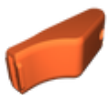

What makes this whistle outstanding:

- extremely loud and far-reaching,
- piercing triple tone,
- high side walls for perfect finger grip,
- mouth grip for hands-free whistling,
- large mounting hole for lanyard cord,
- almost indestructible,
- easy to print.

How to print:

Use a line width of 0.4mm and a layer height of 0.2 mm, 6 bottom and 6 top layers and 3 wall lines. Paint the z-seam as in the picture above and print slowly in the specified orientation.
