Made this magsafe charger as a present for my girlfriend. She really liked it and i hope you all will too!

It comes in 3 Parts:

1. Butterfly Body (Maliposa Body) which is where i recommend you pick the color
2. Butterfly Texture Lines (Maliposa Lines) which i printed in black for contrast
3. The Stand (Maliposa Stand)

I suggest printing all the parts and glueing the Texture Lines to the Body first.

Then glueing the Butterfly to the stand, there are two pegs on the stand which will help with alignment.

Enjoy!!
