Summary

An extra hand to hold whatever you'd like in a unique, fun way.

[Household](#) > [Office](#)

If you ever feel like you could use an extra hand to hold things for you, then you have found what you've been looking for!

This sculpted hand looks extremely cool. You could mount it on the wall of a living room to hold items to display, next to your desk as a headphone holder, or anywhere else to add an extra unexpected artistic touch.

This model prints easily as one piece with no support.
