Summary

This is a silhouette of the Porsche 911 992 GT3RS to fix on a wall.

Tags: [decoration](#) [wall](#) [wallmount](#) [silhouette](#) [porsche](#) [911](#) [gt3rs](#)

The default model is 2mm thick and around 40cm. It was obviously too large for my ender3 so I split it in the middle.

They are the two middle parts in the files. You can fix them together with glue.

You can scale the parts as you want but don't scale all the axes the same otherwise the thickness will change too.

You can fix it on a wall with small nails or double-faced tape.
