Introducing the Voronoi Shower Shelf – a perfect blend of style and structural efficiency. Crafted with meticulous attention to detail, this 3D-printed marvel maximizes strength while minimizing filament usage. The elegant Voronoi pattern not only adds a touch of sophistication but also enhances durability. Secured seamlessly with Dual Lock Extra Strong and Waterproof Velcro Tape, it effortlessly combines aesthetic appeal with practical functionality, offering a sleek and modern storage solution for your bathroom and shower essentials.

Designed for convenience, the Voronoi shower shelf goes beyond aesthetics. The removable inner box ensures easy cleaning, maintaining hygiene effortlessly. The Voronoi pattern not only elevates the design but also aids in efficient water drainage during showers. Thanks to the innovative use of Dual Lock Extra Strong and Waterproof Velcro Tape, installation is a breeze – no drilling required. This stylish and functional

shelf is your ideal companion for organizing daily toiletries in the bathroom.

Print settings

I recommend minimum layer height of 0.20 mm. A fill density of minimum 15% works well.

Supports are not required.

Please print each part separately for best results.

You may need to disable the skirt when printing the outer-frame to make it fit on the plate.

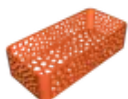

To achieve optimal results I recommend to set your printer to 7x7 mesh bed leveling which can be found within Settings - **Mesh bed Leveling**, on the LCD menu.

Scale to your needs.

Thx & Enjoy!
