Toyota Supra Mk4

Easy to print .

Of course you can scale it the size you want.

Easy to print for up to 110cm length, just cut it in some parts with the new slicer.

I recomend a strength of about 2-4mm.

Add some double-sided tape and stick it on the wall.

Invisible and easy to remove.

If you need the SVG just send me a DM.

If you like to see more car silhouetts, tell me your wishes.

Post your print and enjoy.
