Summary

My small, straightforward, quick-to-print box that screws together and is airtight.

[Gadgets](#) > [Other Gadgets](#)

Tags: [box](#)

Little box created to put a necklace or pills following your wish.

Quite fast to print in 35 min.

I had to make several attempts to design the threading and be able to screw the lid onto the box without it getting stuck.

Diameter = 28mm (1.1inch)

Print with Prusament white and lipstick red.
