updated 16. 2. 2024 | published 16. 2. 2024

## Summary

Just a version with a closed front side of the Bambu Lab Kit LED Lamp 001.

**I normally publish and update all my models at MakerWorld. They are only here on Printables to keep the accounts consistent.**

**Please [download the newest version](#) here at MakerWorld.**

I was irritated why Bambu Lab made two holes in the base of their lamps (lamp kit 001), so one is always on the front side. I removed it.

I only post it here to keep my accounts here and at MakerWorld synced.
