**Update: 26.05.24** - Remodelled top mount a little to add strength. It's slightly thicker now and I added small fillet (see picture below) to eliminate weak point. All three models have been updated. Enjoy!

**Update: 21.01.2024:** Added ST straight and AN anatomic handle options.

Check original adapter page for description and how to.

Position Cloud Code **262.66**

For mirrored lefty use Cloud Dode: **262.74**
