This custom-designed organizer is specifically crafted for the **honeycomb storage wall (HSW)** system, specifically accommodating the **Kiprim Laser Distance Measure**.

The holder design uses the laser's existing screw hole for secure attachment in two positions, enhancing space efficiency. Its front-sliding feature removes the need for overhead clearance.

### Profile details :

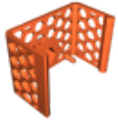

- No support needed
- printed on Bambulab P1S with 0.4 nozzle
- 0.16 layer height
- Gyroid infill
