### Summary

Multiboard Holder for hand deburring tools with a diameter of 22mm.

[Hobby & Makers](#) > [Organizers](#)

Tags: [deburring](#) [wuerth](#) [multiboard](#)

This part is exactly 25mm wide. This means you can place several holders next to each other without losing space.

You don't need any additional parts to attach this part to a multiboard wall.

It is designed with a “Tight Snap” connector.

Visit <https://www.multiboard.io/> for more information.
