Just printed out and hung my Multiboard. I found this really nice Deburring Tool Holder from Brad @FTBT 3D but it was for the HSW so I made a version like it in OnShape but with a peg that fits the Snap Connector on the Multiboard.

I have attached the STL and STEP files incase you want to modify it.

This remix is based on

AFA Deburring Tool & Cutter Holder - HSW

by Brad @ FTBT 3D
